
SCHOLARSHIP APPLICATIONS AVAILABLE

HIGH LAKES CAR CLUB - MEMORIAL SCHOLARSHIP

Field of Interest: Automotive, Mechanical, Technical Design, Engineering
Or Machinist Trades

Requirements for Applying:

- Pursuing education and career in Mechanical/Trades related field.
- Currently attending high school and graduating in 2024.
- Acceptable GPA - or marked improvement over a period of time.
- Continuing Education pursuing a career in Mechanical/Trades related field
- Financial Need: A student in need of financial assistance.

The High Lakes Car Club is again offering a scholarship for 2024 graduates and students continuing their education and pursuing a career in the Automotive, Mechanical, Technical Design, Engineering or Machinist trades.

This Scholarship was created in memory of Roger Broggie, who was president of the High Lakes Car Club at the time he passed away in 2012. It is now dedicated to all the Car Club members we have lost over the years, some since the time this fund originated.

Since Roger worked at Disney Studios in California as Machinist and Mechanical Designer for most of his career, and since the interests of the Car Club members run toward automotive, mechanical and engineering endeavors, we would like to award a scholarship to a student who is interested in some area of this field.

Our scholarship is not limited to a student pursuing a four-year college degree, although we welcome applications from those students, but we also welcome applications from students who are looking at a Trade School or a two-year certificate or apprenticeship, if his or her interest is in this field. Attitude, aptitude, work ethic, and stability are more important than grade point averages, especially if the student has shown a marked improvement in grades, attendance, and studies.

Applications are available to students attending La Pine, Gilchrist, and North Lake High Schools. Completed applications, with reference letters, must be submitted to your Counselor, who will forward to and be received by the Scholarship Committee no later than May 20, 2024. The committee will review all applications, conduct interviews of applicants if needed, and select the recipient or recipients. For continuing education students, visit our website www.highlakescarclub.org for contact information.
